Term 3 Week 8 2019

Principal Report

WHAT WAS SO GREAT THIS WEEK

I have returned this week after a week of leave and Mrs Egan and Mr Chapple have done a wonderful job holding down the fort in my absence. I was really excited upon my return to see that the company installing our new playground equipment have arrived and with a bit of luck by the end of this week we will have a new playground area. It has been a great partnership between the school and the P & C to make this a reality. I know that our students are going to have many hours of fun playing on the equipment.

VISITING SCHOOL PERFORMANCE

Next Wednesday we are lucky enough to have a school from Sydney coming to our school to perform. Earlier in the year I was contacted by the Principal of Balgowlah North Public School to ask if we would like to host their school band for a performance. Naturally, I jumped at the opportunity to give our students the experience of seeing a primary school band perform and have the chance to meet new students. Students from year 2-6 will have the chance to watch the performance in our school hall.

PET PROGRAM

Similarly on Wednesday the students in Kindergarten and Year 1 will be given the opportunity to have some training in dog awareness, how to behave, approach and give space to dogs that they both know and are unfamiliar with. This will be very helpful for students when they have our School Educational Dog, Buddy, visit their classroom.

STUDENTS RIDING SCOOTERS AND BIKES TO SCHOOL

I am concerned about some of our students who are riding to school pass the shops. It is very unsafe when children ride down past the shops where people are coming and going and can be easily knocked over or even hurt. If students need to go pass the shops on the way to school they need to ride on the footpath near the road or walk their bike or scooter pass the shops. We appreciate your support in this matter.

Working Bee

**24th September
@ 3pm**

In preparation for major works a tidy up is needed, many hands make for light work and we appreciate your support

Our P & C has recently received a clubGrant from St George's Basin Country Club for additions to our kitchen garden including a rain water irrigation system, a stingless beehive and bee attracting plants that will increase plant pollination, contribute to the wellbeing of our local biodiversity and provided a unique learning opportunity for our students.

The refurbished garden will give our school community an interactive learning space. The produce from our garden will be used by our students and our canteen

Thank you!

Our amazing P & C have generously donated 5 tonne of soil to kick start the kitchen garden project.

We welcome all families and community members to join us for our P & C meetings the first Wednesday of each month in the welcome space.
