'Together We Succeed'

Term 4 Week 8

Principal Report

WHAT I LOVED ABOUT THE WEEK

This week I had the chance to read through the reports for every student in the school. As I did, it became very evident how well our teachers know their students. It highlighted the amount of hard work and dedication that all our teachers put into educating the students at our school. We are very lucky as a school community to have such an amazing group of teachers who work tirelessly to ensure our students are catered for cognitively, socially, emotionally and culturally. Reports will be coming home at the end of next week.

KINDER START PROGRAM

This week it was a very exciting time for the new Kindergarten students who will be starting next year. Students had the opportunity to spend some time in the classrooms and get a taste of what school life is like. The parents were also involved in some fun activities that will help them support their child at school, and received a goody bag to take home. We really appreciate parents making the time to stay and become involved in the activities that teachers have taken the time to put together. If you know any children who are old enough to start school next year but haven't made contact with the school yet, please encourage them to come and see us as we still have another week of Kinder Start programs happening next week.

CHRISTMAS GIVING TREE

We are very pleased to be supporting yet another great community initiative run by local businesses and charities. 'Smile at Christmas,' is a 'giving tree' that is located in the foyer of the front office. Christmas tags have been attached ready for anyone who would like to buy a christmas present for an underprivileged child, wrap it up and return it to school underneath the Christmas tree. We are grateful to support the people from 'smileelite' who are organising to pick up and distribute the gifts where they are needed. We are still waiting to see some presents start to arrive.
